

Dear IUEC Local 18 Members,

We have been in discussions with Aflac to provide a voluntary program for members to purchase supplemental insurance at a reduced rate for you and your family.

Aflac is a national leader in supplemental insurance plans. They have customized plans specifically for members of Local 18.

Benefits include Accident protection, Critical Illness including Cancer, Term Life Insurance, as well as short term disability coverage. The benefits are paid directly to you.

All Aflac plans are being offered "guaranteed issue" which means you cannot be declined coverage if you are currently working.

It's easy to enroll in a plan that works best for your family. Call 702-445-6396 for questions and enrollment.

These discounted plans will be offered only for a short time. Please contact David Coughlin at 702-445-6396 if you have questions or want to schedule an individual appointment.

In solidarity,

Joe Boswell

Business Agent / Financial Secretary

Important notice:

These plans are voluntary and available for members of IUEC Local 18 to purchase through Aflac. The policies are between you and the insurance company and are in no way administered by IUEC Local 18 or your employer.
